

COVID-19 CRICKET TRAINING SESSION ONE PAGE PLAN

This optional guide may be used by clubs as a one page plan for training sessions from “Step 3 restrictions” – noting easing of State Government restrictions will see some of the below easing as the season progresses. Clubs developing their own plan need to ensure that it meets DHHS, SRV and local Government requirements.

Further guidance for each dot point is then listed separately on the pages to follow.

Before the session:

- Facility COVID-19 Hygiene and Social Distancing signs all up and visible.
- The ‘check-in’ / ‘check-out’ posters are available at all times & used by all training attendees.
- Any training equipment that will be used have been cleaned before use (e.g. balls, cones, stumps, bowling machines etc).
- If the facility is open, ensure it is well cleaned regularly and applicable density limits are strictly adhered to.
- Appropriate sanitiser & wipes are available in easy to find locations.
- Communicate training groups to players and have designated areas for each group to store their equipment

During the Session:

- All attendee’s ‘check-in’ and use the hand sanitiser on arrival and re-apply every 30-40 minutes
- Train in small groups (Victorian Government “Step 3” = Group size limited to the regular number of players for that team. “Final Step” = Max of 50). Groups do not mix with other groups at any stage before, during or post session. *See separate training guide for groups on the CV website for the latest information.*
- All attendees are to refrain from spitting, nasal clearing and shall not use sweat or saliva on the balls
- Training balls should be allocated to each group and stay with that group for the session
- Players should be dressed ready to train and no personal playing equipment is to be shared unless it has been wiped/cleaned between each use
- Face masks are to be worn at all times by those over 11. All players (any age) are exempt from this requirement whilst batting, bowling and fielding
- All attendees adhere to facility signage directions and maintain a 1.5m distance to others

After the session:

- All attendees are to ‘sign out’ via the attendance register - for contact tracing assistance
- Designated officials wipe down/spray and store any equipment that has been used (including training balls) and any facility touch points
- Store any temporary signs and sanitiser

These protocols are likely to ease as the season progresses.

Cricket in a pandemic is a privilege – not a right! ‘Get in. Train. Get Out.’
